

Maintaining attention during an online session has become a huge challenge. GoBrunch has a realistic and simple interface, driving positive engagement among participants.

"I loved the possibility of choosing my own seat and viewing everyone's photos. "

Anabella H - EFL Teacher

"Among all the platforms I've used, GoBrunch is absolutely the best."

Luciana Pereira - Human Resources Professional

"I joined today referred by a friend. I was simply impressed! Everything is beautiful and practical. "

Ana Ribeiro - Lawyer

"I have attended a lot of webinars and without a doubt GoBrunch looked the most impressive. It was great to be able to actually see who was attending and where everyone was from by hovering over names. I loved the whole format."

Laura Green - Basic Skills Lecturer

"We used GoBrunch for an online event with 400 registrations. The platform proved to be stable and very functional. All speakers enjoyed the design."

William Costa - Chief-editor

"This platform will change the concept of Webinars. "

Jeferson Durand - CEO

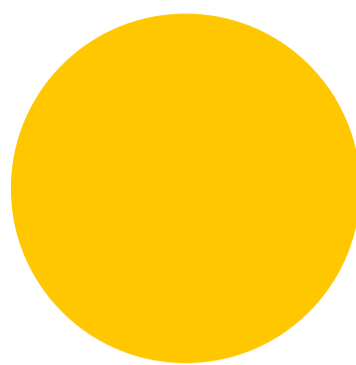

"I create breakout sessions and my students love it. Many times they feel embarrassed to turn on their cameras at the main classroom, but in small groups it is a success."

Ketly Mello - Teacher

"What this tool does is overcome the physical, temporal, socio-cultural and cognitive limitations of the classroom..."

Antonio Delgado - Educator

VIRTUAL ROOMS

Select your own seat and view the avatar/profiles within the virtual event or space. For each session you can choose a different room layout and even turn on the cameras inside the circles.

Meeting Room - 10 Seats

Classroom - 38 Seats

Comfy Meeting Space - by Marelli - 7 Seats

Auditorium - 120 Seats

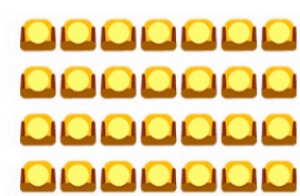

3D Cabaret - 48 Seats

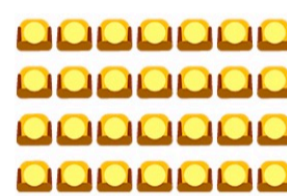

Minimalistic 3D Meeting Room - 18 Seats

U-Shape Conference - 36 Seats

Auditorium - 72 Seats

Auditorium - 409 Seats

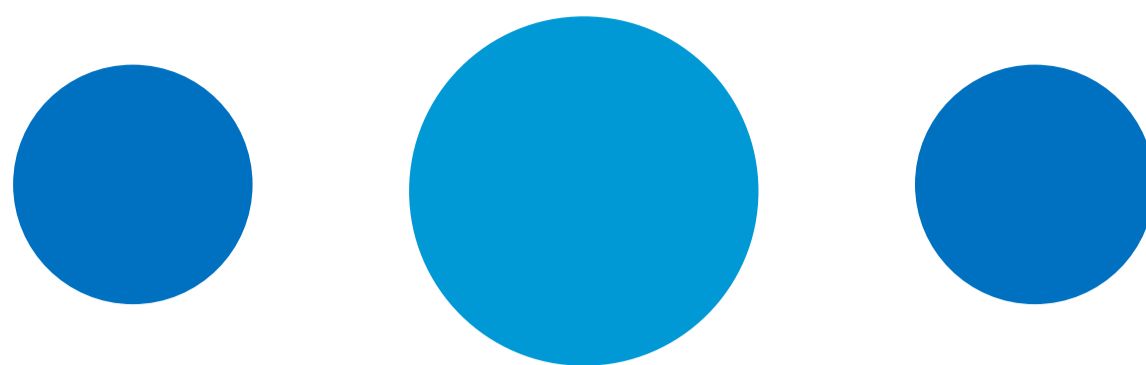

Meeting Room - 4 Seats

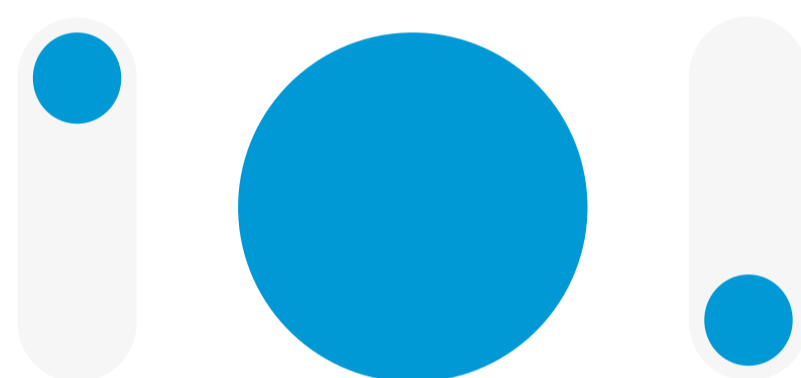

NO TIME LIMIT

There's no time limit in the free version. From short conferences to longer courses, take your time to spread your message and content to your audience.

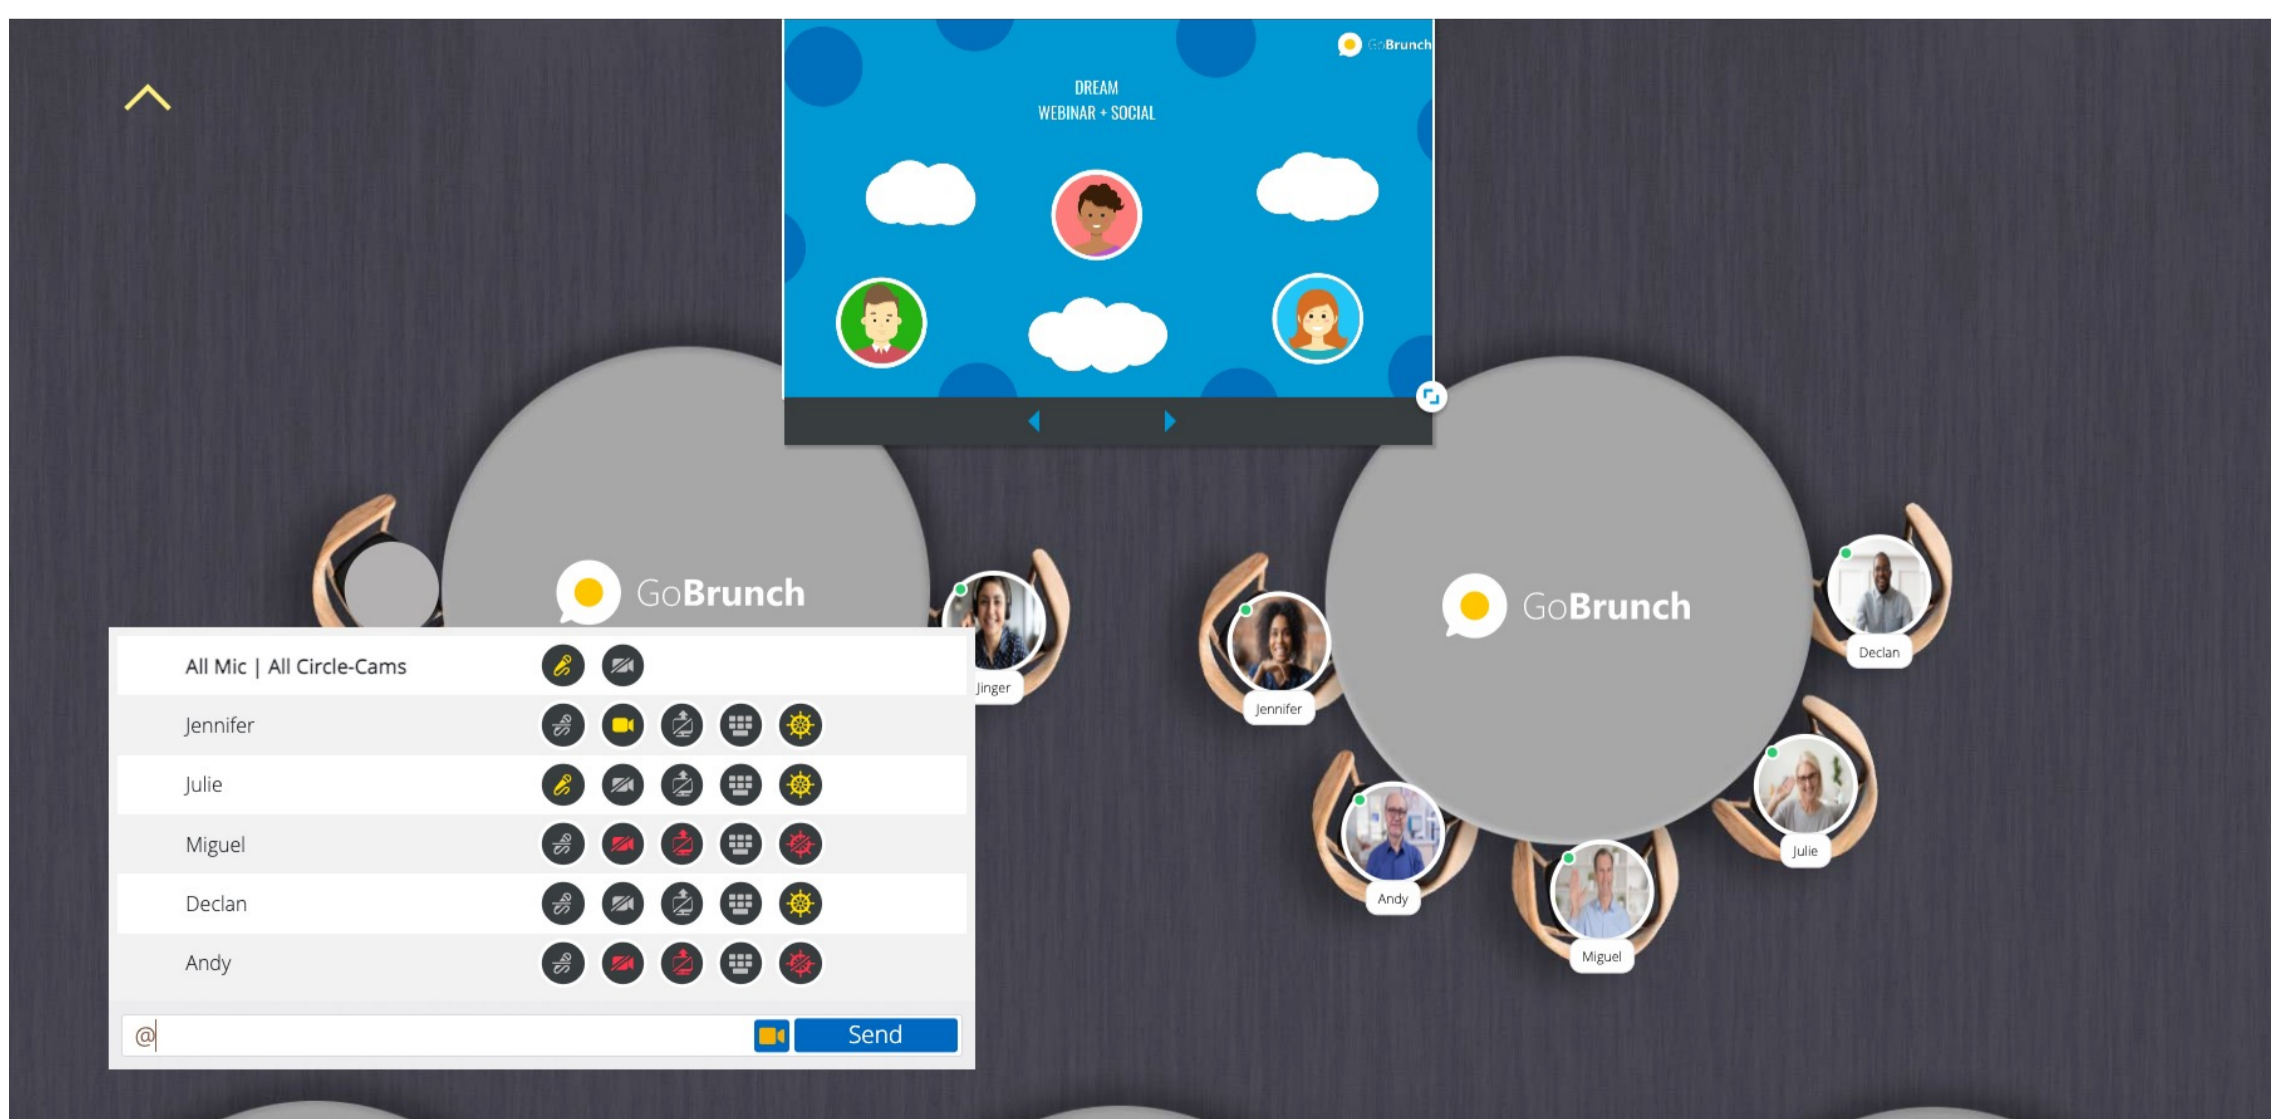

MULTIPLE SESSIONS

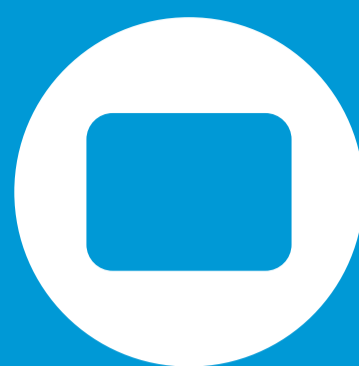

Ideal for on-line training and events, with GoBrunch, you can create multiple sessions inside the same event and assign different organizers for each of them. The breakout rooms have beautiful layouts and provide a realistic-feel user experience.

MORE CONTROL

Comprehensive admin controls over cams, mics and screens. With GoBrunch functionality, you'll be able to control every mic and camera of all your attendees.

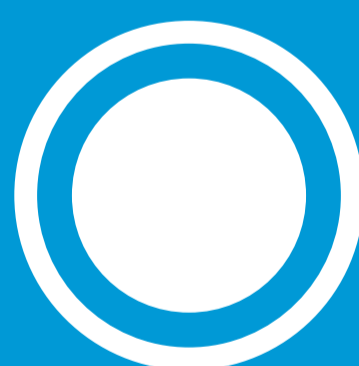

CHANGE SLIDES

Convenient slide change feature inside your seminar room so you can make needed adjustments while maintaining focus on your attendees.

PLAY VIDEOS

You can either share your presentation with sound or open a YouTube window to play your favorite videos.

RECORD YOUR SESSIONS

Record your sessions on the cloud, download video files and generate sharable links.

DOWNLOAD A FREQUENCY REPORT

Download a detailed spreadsheet report containing how long each of your attendees stayed in your live sessions.

OPTIMIZE

Save your time by using our automatic landing page with registration and auto reminders.

CUSTOMIZE

Include your individual logo and upload your custom room background.

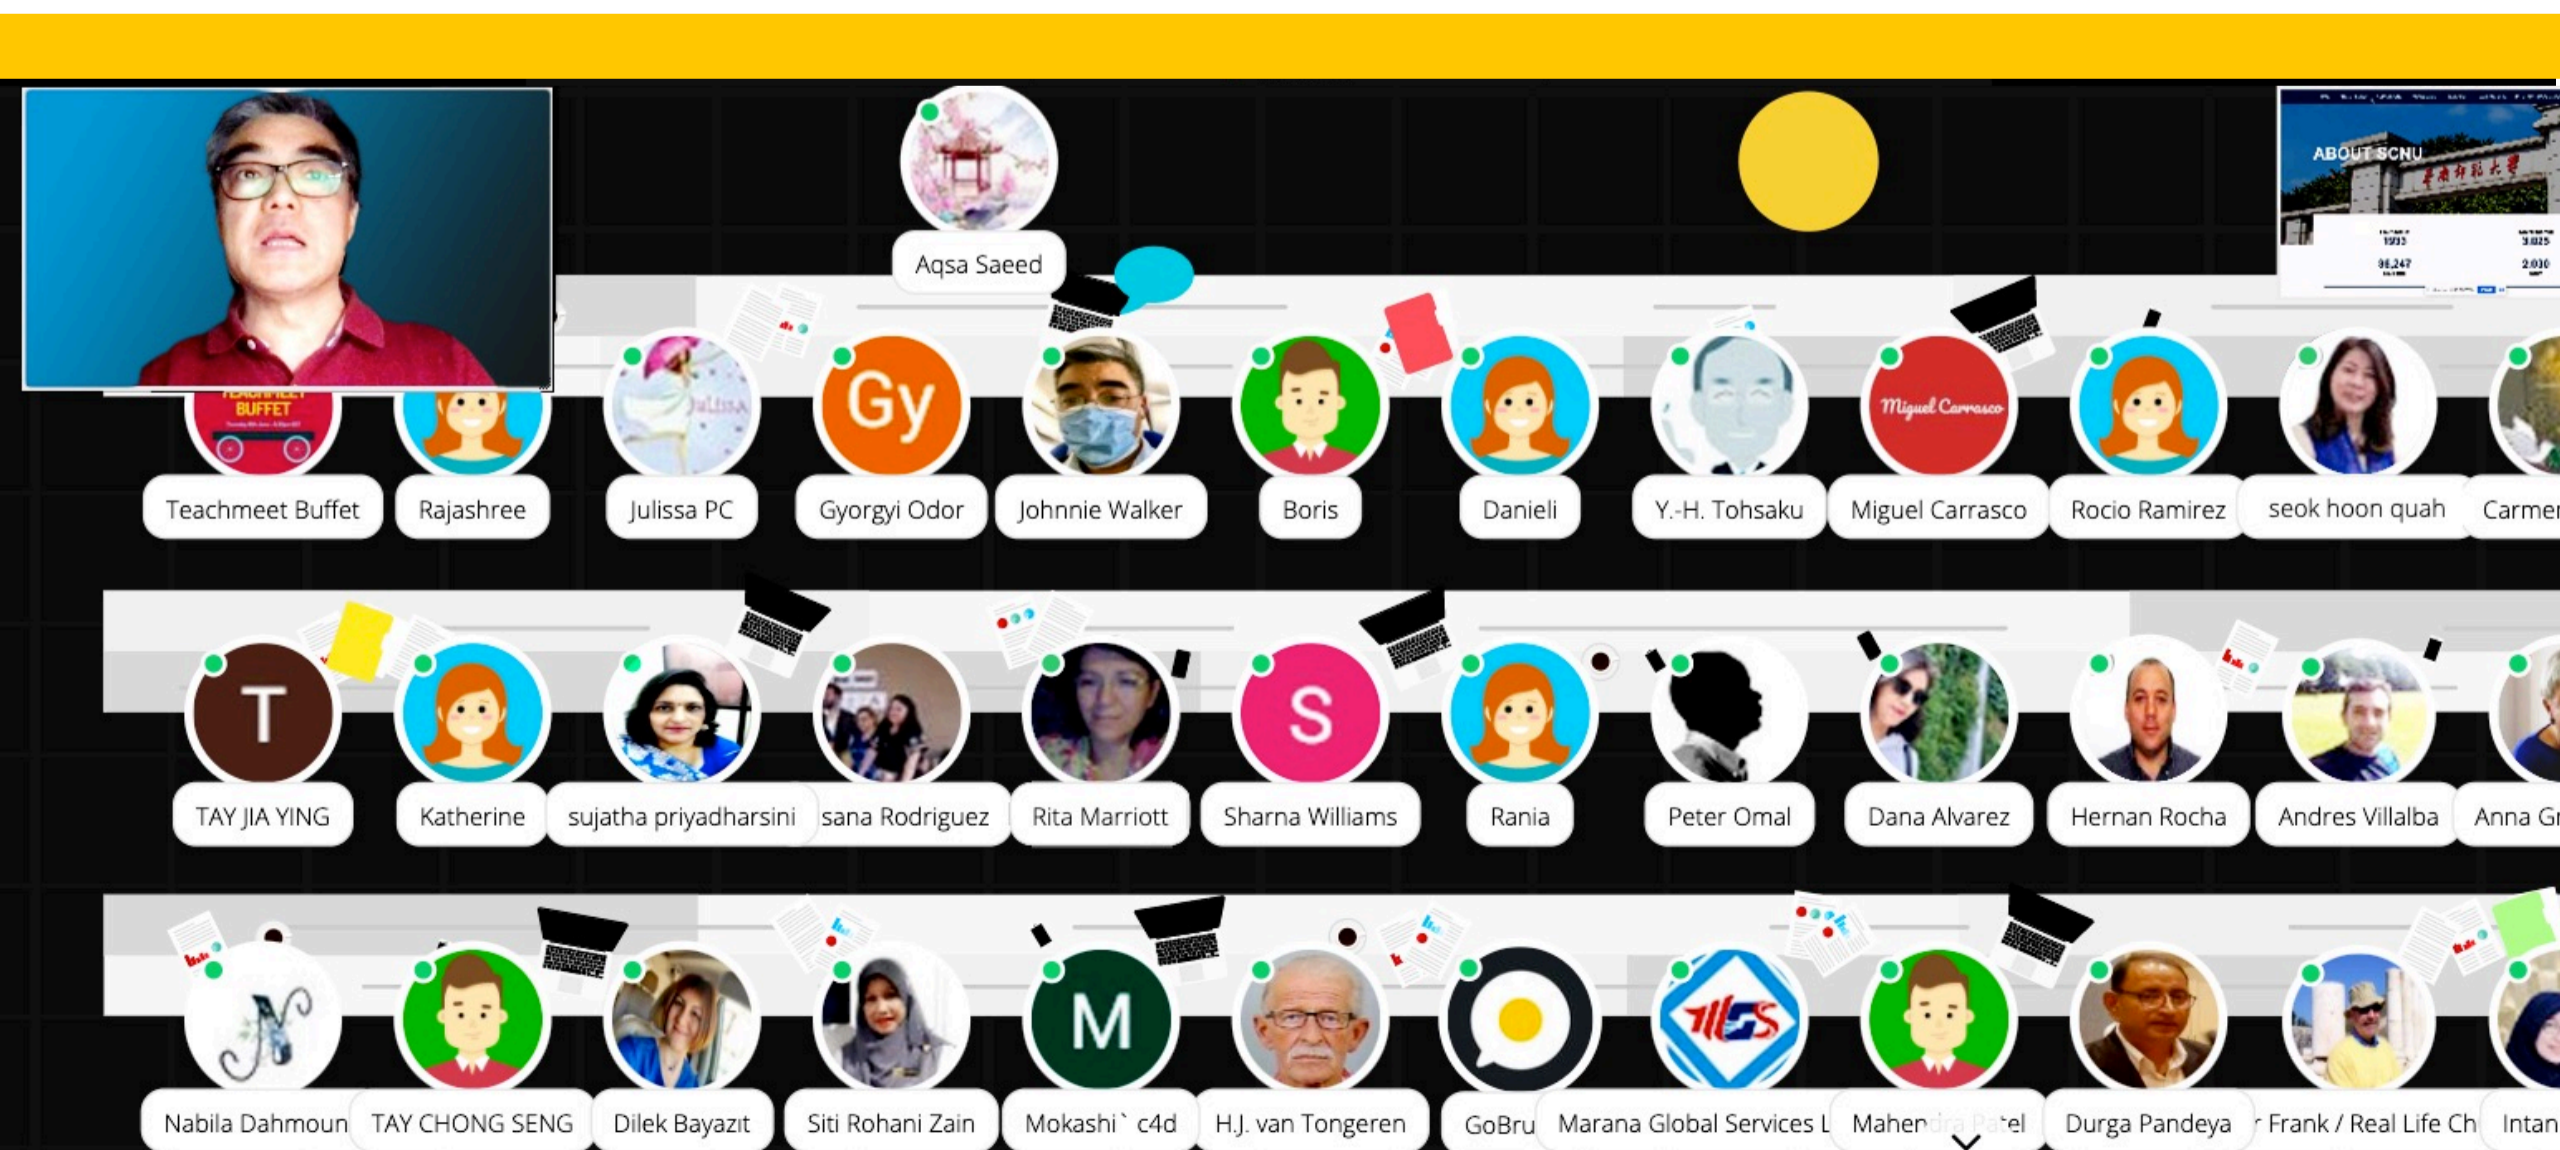

NO INSTALLATION

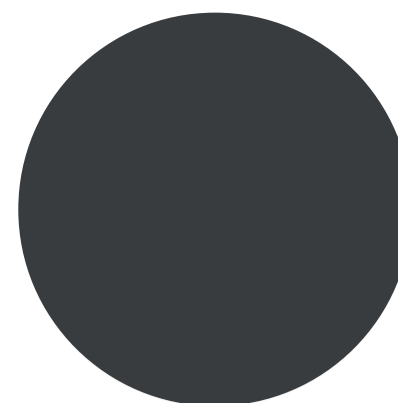

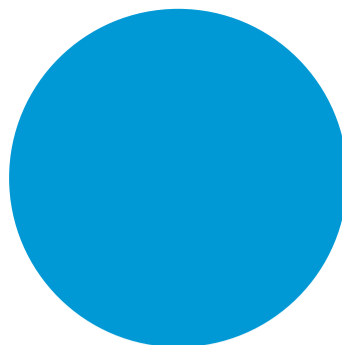

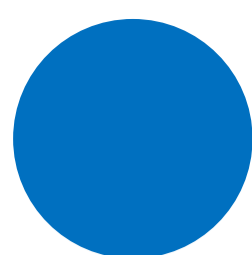

You do not need to install any application to run your webinars, neither do your participants in order to attend.

EDUCATOR'S COMMUNITY

Our value is not only in our platform technology but in the people behind it. By using GoBrunch, you'll be able to connect with a global community of educators and learn the current best practices and trends for teaching online. In addition, you can join our Certification Program and get insights from different speakers and facilitators.

PLANS

Our versatile plans provides you a tasty set of features and capabilities that will take your sessions to a new level.

BRINGING PEOPLE TOGETHER IN LIVE SESSIONS

“Webinars are great, but people still feel isolated when attending. That was my motto when I started designing GoBrunch. I wanted to add more realism and create an encouraging environment, where students could interact not only with the presenter, but also with each other. Inspired by real events, we created the virtual seminar rooms. By attending an event or classroom, you can navigate through the main auditorium, meeting rooms, as well as the virtual atrium.”

Richard Lowenthal – CEO at Gobrunch

Richard Lowenthal – CEO

Coming from the education market, Richard has been responsible for building Live University, one of the fastest growing business schools in the world. He has a blend of backgrounds in strategy, technology and communications.

richard.Lowenthal@gobrunch.com

Mike Watanabe – CTO

A software architect, top-rated in hackathon events, with a a strong background in database programming and back-end development. When he's not designing systems or coding, Mike is scouting or coming up with something new to cook.

Julio Cesar – Developer

Board of directors and advisors: Richard Lowenthal (Co-Founder), Henrique Gasperoni, Lucio Mancini (Co-Founder), Ricardo Barato, Alex Leite, Rafael Scucuglia and Mike Watanabe (Co-Founder).

Can I use GoBrunch for free with no time limit?

Yes, you can! The basic features are offered for free, and you can use it as much as you want.

What is the main benefits of using GoBrunch?

Our unique interface, the ability for you to create multiple rooms inside your event with different organizers, and the comprehensive set of media controls. In addition, you can download frequency reports and customize your rooms. By joining GoBrunch, you'll have access to share your suggestions and best practices with a great community of users, including the CEO and the entire GoBrunch team.

What can I do with GoBrunch

There are dozens of possibilities. These are just a few examples:

- Webinars
- Virtual Events
- Meetings
- Trainings
- Networking happy hours

How many attendees, users or students does GoBrunch support in a webinar?

Our biggest virtual auditorium fits 409 people simultaneously, but we're already working to allow a higher number.

Can I turn on the mic and cam of other presenters and attendees?

Absolutely. You'll find all controls in your chatbox.

Can I have multiple organizers?

Yes!

Can I see all my attendees' cameras at the same time?

By enabling our exclusive Circle-Cams you will be able to see your attendees at the same time.

What does GoBrunch mean?

The name GoBrunch was inspired in a methodology called World Cafe, very usual in events and conferences. By joining a World Cafe, you seat in a round table with other attendees - and there are many tables to choose from - and start working in a specific assignment provided by the facilitator. Instead of using the word Cafe, we thought that Brunch would be more friendly, not to mention that we all love food!

How can I get support?

[Here!](#) Or just e-mail us at support@gobrunch.com. We will reply as fast as we can!

Where can I watch tutorials?
